Hi there,

My name is Oscar Velasco I am making a public comment for Jannet Rios to be considered on the Santa Barbara County Independent Redistricting Commission. I know Jannet as a friend and colleague and I know she has the qualities to serve the commission to the best of her ability. Jannet lives a life of service as a educator, community member, and advocate for the most marginalize and vulnerable members in the community. Jannet will also center the most vulnerable members in the decisions the commission makes and Jannet's relationship and experience with her district will reflect the diversity of the commission and community. I believe Jannet is the person the commission needs as the county is growing more with migrants families settling down in the county, more young people are moving into District 2, and more Spanish speaking families are living in her community. Jannet Rios will serve with integrity and resilience and live out her convictions in the commission. Jannet Rios is the person for the job.

Best,
Oscar V.

Hello,

This is Yesenia Beas I gave a public comment through zoom for today's meeting and I believe that it was cut short due to internet issues.

My apologies for that, below is my public comment:

Good Afternoon everyone, my name is Yesenia Beas. I am here to make a comment about the qualified candidates for the Santa Barbara redistricting commission.

I grew up in Guadalupe and live there for 17 years and will be moving back very soon. I care about the decisions being made at the county level and whether they'll have a positive impact on my community. When I learned about Jannet Rios becoming a finalist I felt relieved to know that my hometown would be in good hands if she's selected to the commission. I know Jannet Rios personally, what she believes in and what she stands up for in our community. Her family looks like mine and so many others in Guadalupe, her mom works in an agricultural packing house, an occupation shared by many Guadalupe residents.

She is a young woman and part of the latinx community and I am sure her input to this commision board is one that is much needed for our north county cities. With that said I want the board to consider electing Jannet Rios for District 5 since she will not only serve her district but bring critical representation of working class immigrant residents in our county.

Thank you all for your time.

Hello Chair Morris and Commissioners,

Please accept a Resolution from the Guadalupe City Council, supporting me (Lupe Alvarez) at tonight's city council meeting; in unanimous support of being granted an interview before your commission.

At the same time please accept 620 signatures from Guadalupe residents requesting their voices be heard and respected in this process. The 620 signatures of the residents of Guadalupe represents almost 9% of Guadalupe's population. Please do not disenfranchise Guadalupe's residents, who are part of the County of Santa Barbara, and are not being represented in this important public process.

Sincerely,

Lupe Alvarez

Petition for Equal and Fair Representation for the City of Guadalupe on the 2020 Santa Barbara County Redistricting Commission Board

We, the following residents of the City of Guadalupe, feel that we are being disenfranchised by not having fair representation on the new Redistricting Commission Board for the County of Santa Barbara. We respectfully request that Lupe Alvarez be considered for an interview as a minimum level of participation. The City of Guadalupe has always been ignored and often without fair representation. It is time for the City of Guadalupe and its residents be allowed to self-represent in the County of Santa Barbara.; we deserve to be heard and not dictated to.

To whom it may concern,

I hope this email finds you well. My name is Sua Vargas. I am a 4th year undergraduate student at UC Berkeley, and am writing to you on behalf of candidate Kevin Ilac for the 'Citizens Independent Redistricting Commission.' Through the more than 13 years that I have known Kevin Ilac, I have gotten to see firsthand his perseverance, determination and passion for all things in education. He is one of the reasons that I myself have a position secured as a K-8 Teacher for the upcoming Fall of 2021. He is not only a great candidate, but the greatest candidate I could think of for this position. I can't imagine anyone else to be as determined and passionate in whatever sect they go in. From wrestling, to tennis, to teaching, to being a student himself, I have been witness to many of his phases, and in each one, he advances forward with fierceness and motivation for himself and those around him. I would only hope that future educators like myself can be half the educator that he is. Thank you for your time in reading my comment on why I believe Kevin Ilac is perfect as candidate.

All the best,

Sua

To whom it may concern. I want to take this opportunity to comment on the character of Kevin Ilac. When I first met Mr. Ilac, I could tell right away how authentic this man was. Not only in personal interactions but in his career and in his family. His schoolwork and his family are almost synonymous because it wants people in both areas to do their best and succeed.

I have been given the pleasure to work side by side this man and nothing but pure respect for his colleagues. He will do his very best to make sure their questions are answered and will not sleep until justice is done when someone has felt wronged. He is diligent in all his efforts and does his best to be considerate and nurturing to young staff and students.

I know he will serve his position on the Santa Barbara County Citizens Independent Redistricting Commission the same way he serves any other position, and that is to the very best of his efforts and a smile from ear to ear.

Thank you for your time

To whom it may concern,

I am writing in support of Kevin Ilac being selected to serve on the Santa Barbara County Citizens Independent Redistricting Commission.

I worked with Kevin in the Santa Maria Joint High School District. I helped create a course and reached out to Kevin to see if he could train teachers on AVID strategies. He volunteered to help us that year multiple times, despite him already having a full workload of his own.

I have no doubt that Kevin will go above and beyond for the SB County Citizens Independent Redistricting Commission because I have seen first-hand how he has gone above and beyond for students over the years.

Kevin is dependable and always puts the community first. I strongly recommend that he be selected for the Santa Barbara County Citizens Independent Redistricting Commission.

Sincerely,

Rosie Ojeda

I would just like to send a comment on behalf of candidate Kevin Ilac for the redistricting commission. Kevin is a hard working teacher who resides in the community of Santa Maria and always supports local businesses and encourages students to pursue their dreams of higher education. He would be a great person for this commission as he is a good listener and problem solver when looking at all aspects of a situation as he is always seeking a collaborative effort when finding a possible solution.
