Demographic Section: Providing this information is optional. You may select "decline to state" for each answer. County Ordinance Code Section 2-10.9A, (4)(h)(3) requires six of the 11 appointees, in addition to meeting minimum requirements, be chosen in a way that ensures the Commission reflects the County's diversity, including racial, ethnic, geographic, age, and gender diversity. However, formulas or specific ratios shall not be applied for this purpose.

7. Please describe your ethnic origin. Mark one or more boxes.

10. EXPERIENCE: Please explain why you are interested in serving and what experience you bring to the Commission. Attach an additional page if necessary.

I was born and raised in Santa Maria and aside from military service and college, I have been a resident of Santa Maria specifically and Santa Barbara County for most of my 70 years. I am a PROUD Vietnam Veteran. I did not necessarily agree with the War, but my respect for Country lead me to spend 15 months there. I am college educated with a degree and license in architecture and have run my own business for over 35 years.

Most importantly, I feel that if one is not involved in "the process", they should not complain about the decisions made by others. Far too many people sit back and hope others will stand up and raise a voice, but all too often that does not occur and the silent majority gets it's way. I was raised a democrat, but switched parties after starting my own business and realizing that the handouts are not free. Someone has worked harder than others and it is the success and excess (?) wealth of these that eventually ends up supporting the welfare system.

Having been involved in a number of organizations in the Santa Maria community for over 40 years, I feel I know and understand the cultures of the various communities that exist in our County. I've been a member of the Santa Maria Valley Sportsman Club for over 40 years: the Rotary Club of Santa Maria for over 40 years: the Board of Directors and the Boys and Girls Club of Santa Maria for over 40 years. I sat on the County Fish and Game Commission for over 35 years, dealing with multiple organizations and personalities and learned to listen to differing opinions before making decisions that effected a number of individuals. I currently chair a City of Santa Maria Appeals Board that deals with conflicts regarding building code issues and I feel this also has gained me valuable experience in being somewhat of a mediator, finding a practical solution. It may not be the most popular decision, but we always strive to find a middle ground that is fair to all.

10) EXPERIENCE: Please explain why you are interested in serving and what experience you bring to the Commission.

The ability to serve one's community has always been a major message of mine to my students. Over the past twenty years, I believe that one of my roles as a Social Studies teacher is to lead by example. I have tried to model proper behavior, the ability to listen to differing opinions, to seek out others' perspectives, and to be able to build consensus. This commission would be an opportunity to 'put my money where my mouth is'. If I truly want to show my students how they can make an impact in their community, then this is a great way of demonstrating it for them.

I have been a teacher and coach in this community for over twenty years. I have raised my family in this community. I want to be able to do my part to help ensure that all the groups that make this such a diverse and vibrant place to live feel that they are heard and represented in their government. Too often, people feel that government is 'someone else's responsibility'. This kind of disenfranchised thinking only leads to a disconnect between the people and the government. This is the antithesis of what our government is founded upon. We need more connections, more relationships, more voices, not fewer.

I feel that this commission would be a great way to serve my community, I know that I have the ability and awareness to help redraw the lines of our County Supervisorial Districts. This can lead to more profound and long lasting relationships, and those are the ties that can create a better future for our community.
