DrawSantaBarbaraCounty.org

Rules For Drawing the Lines

In accordance with federal, state, county law, the Commission must draw lines pursuant to the following criteria, which are listed in order of priority:

1. Federal Laws

- US Constitution – reasonable equal population and no racial gerrymandering
- Federal Voting Rights Act

2. State Law and Measure G Requirements

1. California Voting Rights Act
2. Geographical-contiguity
3. Undivided neighborhoods and “communities of interest”
4. Undivided cities and Census designated place
5. Easily identifiable boundaries
6. Compact
7. Topography, geography, and cohesiveness

3. Other Traditional Redistricting Principles

- Future population growth
- Minimize voters shifted to different election years

In addition, the Commission is prohibited from considering the residence of any incumbent or political candidate and districts shall not be drawn for purposes of favoring or discriminating against an incumbent, political candidate, or political party.

A Note about District Numbering

An attempt was made to keep the numbering of the districts consistent across all the plans, with consistent coloring as well

This means that District 1 is always based in Downtown Santa Barbara, District 5 is always based in Downtown Santa Maria, and Districts 2, 3, and 4 proceed in a south to north fashion as one would travel up US 101 from Santa Barbara to Santa Maria

District 1 is pink

District 2 is blue

District 3 is green

District 4 is purple

District 5 is orange

What Key Stats are Shown on the Map of Each Plan?

Total Population Deviation: The difference in population between the most populated district and the least populated district, divided by the ideal population of a district – should be less than 10%

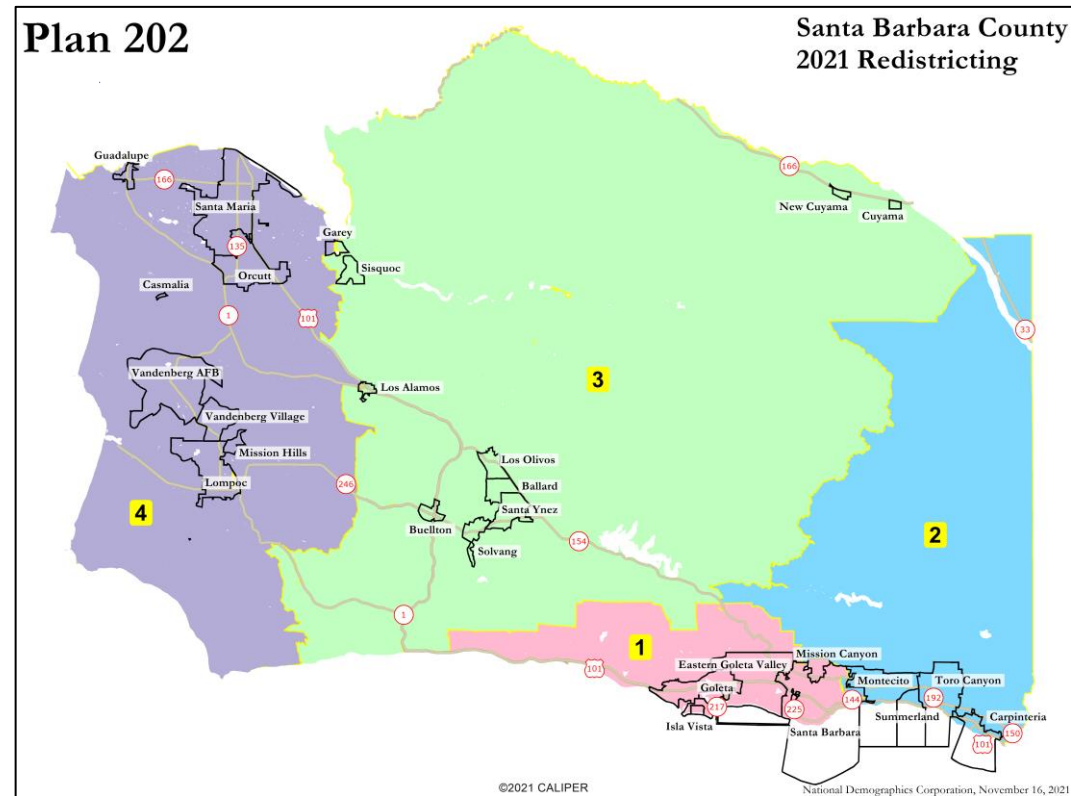

Maximum Latino CVAP: The highest value among all districts for the proportion of the citizen voting age population that is Latino

Number of Split Places: The number of Census places (either incorporated cities or unincorporated Census-designated places) that are split between multiple districts – the fewer the better

More detailed stats are available in the full demographics table posted for each plan on the View Draft Maps page
